Re: Filing to Effectuate Amendments to Public Service Law Section 66-j

Dear Commissioners:

The tariff leaves set forth below are filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or the "Company") on September 16, 2010 to become effective December 28, 2010.

P.S.C. No. 15 – Electricity

7<sup>th</sup> Revised Leaf No. 167.1  
10<sup>th</sup> Revised Leaf No. 173  
10<sup>th</sup> Revised Leaf No. 189  
7<sup>th</sup> Revised Leaf No. 213

The Company is filing the leaves listed above to become effective December 28, 2010 in order to incorporate the amendments to Public Service Law Section 66-j into its tariff. The leaves are filed in compliance with the Notice Establishing Filing Requirements issued by the Commission on August 23, 2010. The amendments increase the rated capacity of farm waste generating systems eligible for net metering from 500 kW to 1,000 kW.

Since customers participating in net metering are in direct contact with Central Hudson, the Company requests that the requirements of 66(12)(b) of the Public Service Law as to newspaper publication for the amendments listed herein be waived.

Questions related to this filing should be directed to Jodi Harris at (845) 486-5578.

Yours very truly,

Michael L. Mosher  
Vice President - Regulatory Affairs
