The proposed tariff amendments are being filed to remove references to Standby Sales Service which is no longer offered to Interruptible Transportation customers. Standby Sales Service, under which the Company would supply gas to Interruptible Transportation customers should their retail supplier fail to deliver sufficient gas supply, is no longer offered as the difference between Interruptible Transportation customers' supply requirements and the gas delivered to the Company's citygates on behalf of these customers is handled through the Company's gas balancing provisions established pursuant to Case 05-G-0935. Due to the housekeeping nature of this filing, the Company requests that the requirements of Section 66(12)(b) of the Public Service Law as to newspaper publication be waived.

Questions related to this filing should be directed to Stacy Powers at (845) 486-5815 or spowers@cenhud.com.

Yours very truly,
