Re: Additional Tariff Filing to Reflect Nine Mile 2 Revenue Sharing Agreement

Dear Secretary Brillling:

The enclosed tariff leaves, issued by New York State Electric & Gas Corporation ("NYSEG") and Rochester Gas and Electric Corporation ("RG&E") (together the "Companies") are transmitted for filing in compliance with the requirements of Appendix 7-H (electronic tariff filing system) to the Commission's Codes, Rules and Regulations (16 NYCRR Appendix 7-H).

P.S.C. No. 120 – Electricity, Schedule for Electric Service
Leaf No.117.8, Revision 10

P.S.C. No. 19 – Electricity, Schedule for Electric Service
Leaf No. 160.26.1, Revision 7

Effective: March 1, 2012

On December 8, 2011, the Companies proposed revisions to its tariffs to reflect the conversion from power purchase contracts to revenue sharing agreements. After further discussion with Department of Public Service Staff, the Companies are proposing an additional tariff revision to specify the application of carrying charges at the other customer deposit rate in effect at the time payments are refunded to customers through the Transition Charge.

The Companies reiterate its request that the requirement of § 66(12)(b) of the Public Service Law and 16 NYCRR §720-8.1 as to newspaper publication be waived because the benefits from the RSA reflect a transaction that is not identified separately on a customer's bill and will not adversely affect the calculation of the Transition Charge.

If there are any questions concerning this filing, please call me at (607)762-8710.

Respectfully submitted,
