Re: Case 11-G-0538 – Filing by KeySpan Gas East Corporation d/b/a National Grid to extend the acceptance of applications for National Grid’s Business Incentive Riders

Dear Secretary Brillling:

Attached for filing electronically with the Commission is the following tariff leaf issued by KeySpan Gas East Corporation d/b/a National Grid (“the Company”) to become effective January 2, 2012:

Fourth Revised Leaf No. 79.1
To Schedule for Gas, P.S.C. No. 1-GAS

This filing is in compliance with the Commission’s Summary of Recommendation issued on December 20, 2011 approving the Company’s request, with modification, for a three-year extension to continue to accept applications for its Business Incentive Rate (BIR) through December 31, 2014. This leaf contains the revision to include a requirement for any new customers in existing buildings to have an energy efficiency audit performed in order to qualify for this BIR. The audit must be performed within six months of applying for the program and must be performed by either New York State Energy Research Development Authority (NYSERDA); some other governmental authority that administers energy efficiency programs; an independent third party; or Customer personnel capable of conducting a comparable audit.

If you have any questions regarding this filing, please contact me at (718) 403-2975 or Dawn.Herrity@us.ngrid.com.

Very truly yours,

Dawn Herrity
Pricing Specialist
