The enclosed tariff leaf, issued by Richard J. Campbell, President and General Manager, is transmitted for filing in compliance with the requirements of the State of New York Public Service Commission.

Twelfth Revised Leaf No. 266
PSC No. 3 – GAS
Effective January 5, 2012

The tariff leaf is being submitted so that the tariff will comply with the Order in Case 08-G-1392 issued and effective December 18, 2009.

St. Lawrence Gas Company, Inc. hereby applies under Subdivision 12 of Section 66 Gas of the Public Service Law for permission to put the above tariff leaf in effect on January 1, 2012.

This application is based upon the following special circumstances and conditions:

There was an error in the worksheet calculating the rates for Year 3 in Case 08-G-1392. It was determined that a correction to step "Next 4,930" therms in SC-2 is required to generate the revenue allowed in the rate case. The error was not identified until after the tariff filing to implement new rates to become effective January 1, 2012 was filed on December 1, 2011. Since there is less than a 30 day period between now and January 1, 2012 when the new rates take effect, short notice is requested.

Notice of the tariff changes is being published on December 10, 17, 24 and 31, 2011.
