Original Leaf No. 194.2
Original Leaf No. 194.3
Original Leaf No. 194.4
Original Leaf No. 194.5
First Revised Leaf No. 203
Second Revised Leaf No. 221
Original Leaf No. 221.1
Second Revised Leaf No. 235
First Revised Leaf No. 263.1
Sixth Revised Leaf No. 263.2

Statement of Incremental State Assessment Surcharge No. 3

To P.S.C. No. 220 Electricity

Effective: November 1, 2011

The above leaves are being filed in compliance with the above order which directed the listed utilities to file tariff amendments implementing discounted delivery rates for the delivery of Recharge New York ("RNY") power allocations to participants that have been deemed eligible by

the New York Power Authority ("NYPA") to receive this allocation. As directed in this Order, the RNY discounted delivery rates should exclude the System Benefits Charge ("SBC"), Renewable Portfolio Surcharge ("RPS") and Energy Efficiency Portfolio Surcharge ("EEPS") and the Revenue Decoupling Mechanism ("RDM") from the standard delivery rate charges that are used for the delivery of RNY allocated power. Also, as directed in this order, these tariff amendments shall not include any customer charges or similar mechanisms associated with the cost of providing service to RNY participants.

The above leaves comply with this order and amend Rule No. 34 – Economic Development Programs to include Program 5-Recharge New York Power Program to become effective July 1, 2012. In accordance with this Order, these leaves specify that RNY allocations are exempt from Rule No. 41 which includes SBC and EEPS, Rule No. 49-RPS and Rule No. 57-RDM. Customers served under Program 5-RNY Power Program will be subject to the rates, charges, and adjustments specified in their otherwise applicable parent service classification.

Rule No. 41-System Benefits Charge has also been revised to include Rule No. 41.2.3 that states that customers who have load served by NYPA are exempt from the SBC on the NYPA portion of their load but will be assessed the SBC on any non-NYPA portion of their load and would thus qualify to participate in energy efficiency programs either through the Company or NYSERDA.

Per Ordering Clause No. 5 of this order, the requirements of newspaper publication as required by the Public Service Law (b) of the Public Service Law is waived for this filing.

Please advise the undersigned of any action taken regarding this filing.

Sincerely,

Patricia J. Rivers,
Senior Rate Analyst
