Case 11-E-0176: Supplemental Filing to Recharge NY Power Program

Dear Commissioners:

The tariff amendment set forth below is filed by Central Hudson Gas & Electric Corporation (“Central Hudson” or “the Company”) on June 28, 2012 to become effective October 1, 2012:

P.S.C. No. 15 – Electricity

2nd Revised Leaf No. 163.5.30

By its Order, issued and effective January 20, 2012, in Case 11-E-0176, In the Matter of the Commission’s Implementation of Certain Provisions of the Recharge New York Power Program Act, the Commission approved, on a permanent basis, the Company’s tariff changes that were filed to implement reduced delivery rates to commercial and industrial customers who receive Recharge New York (“RNY”) power allocations pursuant to the RNY Power Program Act (L.2011, c. 60).

Upon review of exhibits in the agreement between the Company and the New York Power Authority (“NYPA”), the Company has revised the definition of Accepted Allocation by adding language to allow for an adjustment to the Awarded Allocation on a prorata basis for the purpose of the determination of energy and demand in situations when NYPA is unable to supply the customer’s entire Accepted Allocation or the customer voluntarily elects to accept an amount less than the Accepted Allocation.

Since the customers participating in the RNY program will be in contact with the Company and with NYPA, the Company requests that the requirements of Section 66(12)(b) of the Public Service Law as to newspaper publication for the amendment listed herein be waived.

Questions related to this filing should be directed to Glynis Bunt (845-486-5420 or gbunt@cenhud.com) or Linda VanEtten (845-486-5554 or Lvanetten@cenhud.com).

Yours very truly,

Michael L. Mosher
Vice President - Regulatory Affairs
