Re: New York Power Authority – Recharge New York Program
Case 11-E-0176

Dear Secretary Brilling:

Orange and Rockland Utilities, Inc. ("O&R" or the "Company") hereby submits for filing 1st Revised Leaf No. 147 to its Schedule for Electric Service, P.S.C. No. 3 – Electricity ("Electric Tariff"). The tariff leaf filed electronically today is issued June 1, 2012 to become effective July 1, 2012.

Background

By its Order, issued and effective January 20, 2012, in Case 11-E-0176, In the Matter of the Commission's Implementation of Certain Provisions of the Recharge New York Power Program Act, the Commission approved, on a permanent basis, the Company's tariff changes that were filed to implement reduced delivery rates to commercial and industrial customers who receive Recharge New York ("RNY") power allocations pursuant to the RNY Power Program Act (L. 2011, c. 60, Part CC), Pursuant to the Company's Electric Tariff, customers who receive an RNY allocation under the RNY program are billed under Rider B. Rider B states that customers will commence or terminate service under Rider B as of the customer's first cycle billing date that begins after the New York Power Authority ("NYPA") provides notice to the Company of an RNY allocation or termination, as applicable. The only exception is for customers who receive service under Rider J – Power for Jobs ("PFJ") as of June 30, 2012, the date the PFJ Program expires. If NYPA advises the Company in advance that a Rider J customer will receive an RNY allocation commencing July 1, 2012, the customer will be billed under RNY consecutively with the termination of its PFJ participation.

Reason for Filing

NYPA has advised the Company that, as of June 30, 2012, it will terminate its bundled service contracts with certain of its customers served under Rider G - Economic Development Power. The Company proposes to allow customers who were formerly served under Rider G to be billed under RNY as of July 1, 2012, if NYPA has provided prior written notice of all

information necessary for billing. Without this change, the Company will not be able to commence billing Rider G customers under RNY until the customer's next cycle billing date. The customer would, thus, be denied RNY power and energy for the period between June 30 and the next billing date.

Conclusion and Notice

The Company respectfully requests waiver of the public notice requirements of the proposed tariff change. This change will affect only one customer, who will be advantaged by this filing.

It is in the public interest to expedite this change, which will benefit economic development customers who receive RNY. The Company, thus, requests emergency adoption of this filing as of July 1, 2012.

Questions regarding this filing can be directed to me at (212) 460-3308.

Very truly yours,

/s/

William A. Atzl, Jr.
Director – O&R Rates
