Re: Proposed Tariff Amendment  
In Case 09-E-0310: Central Hudson's Surcharge Recovery Mechanism Proposal

Dear Commissioners:

In accordance with Commission rules, Central Hudson hereby files the following electric tariff supplement:

P.S.C. No. 15 – Electricity

Supplement No. 49

The purpose of this filing is to postpone until September 1, 2010 the effective date of the following rate leaves, which were filed on April 1, 2010 in order to implement an Electricity Delivery and Energy Reliability (“EDER”) surcharge to recover the revenue requirement associated with electricity delivery and energy reliability projects as authorized by the Commission’s Order that are determined to be eligible for recovery and are not being recovered through the Company’s base rates.

P.S.C. No. 15 – Electricity

Original Leaf No. 163.5.6

Original Leaf No. 163.5.7

The request to postpone these tariff leaves is made to allow additional time for the Staff of the Public Service Commission to review this proposal. This supplement is filed June 1, 2010 to become effective on August 1, 2010.

Yours very truly,

Michael L. Mosher
