CAPITAL IMPROVEMENT SURCHARGE

STATEMENT No. 1

The company is authorized to bill its customer a capital improvement surcharge of \$1,315.05 to replace its pressure tank estimated to cost \$2,630.10. The customer will have the option of paying a one time surcharge of \$1,315.05 within 30 days of the Public Service Commission's approval of the surcharge, or can choose to make three payments of \$478.11 which include 8.94 % interest. If the three payment option is chosen, the payments are due on July 1, 2009, January 1, 2010 and July 1, 2010. The customer will notify the company about the payment method he will choose. Failure to make these payments, either one time or under the three payment option will make the customer subject to termination of service under the rules contained in the company's tariff schedule.
