## RATE ADDENDUM

### 2.4 CARRIER RATES:

Carrier customers who will use lease fiber to resell data and telecommunications services to business entities will have the option of leasing fiber by the fiber mile as identified in 2.4.1 or by the Ring Access method found in 2.4.2.

#### 2.4.1 CHARGES PER FIBER MILE:

Mileage	Monthly Recurring charges per fiber mile leased	Monthly Maintenance fee per fiber mile
	<b>Actual</b>	<b>Actual</b>
<b>0-100</b>	\$40	\$2.00
<b>101 – 300</b>	\$40	\$2.00
<b>301 – 450</b>	\$40	\$2.00
<b>over 450</b>	\$40	\$2.00

Mileage = Based on the total accumulative miles of fiber leased by the Customer. Two fibers leased for 10 miles = 20 miles leased.

Charges per fiber mile include monthly recurring charges per fiber mile leased plus the monthly maintenance fee per fiber mile leased.

#### 2.4.2 CHARGES PER RING ACCESS:

Access	Monthly Recurring Charge	Monthly Maintenance fee
	<b>Actual</b>	<b>Actual</b>
<b>Ring Access</b>	\$2,000	\$100.00
<b>Egress Point</b>	\$500	\$10.00

The monthly Ring Access Charge provides the Carrier with a lease of 2 fibers throughout the STN network.

The monthly Ring Egress Charge provides the Carrier with an access point onto or off of the STN network.

## 2.5 ENTERPRISE RATES:

Enterprise customers are business and organizations who wish to interconnect their own facilities in a point to point manner.

Access	Monthly Recurring Charge	Monthly Maintenance fee
	Actual	Actual
Location fee	\$500	\$10.00

Business Customers will pay a monthly recurring fee per site for a connection to the fiber optic backbone; a monthly maintenance fee will be applied to the Customer Bill.
