Inside Wire Maintenance Plan

The Inside Wire Maintenance (IWM) Plan is an optional service BCM provides its telephone customers to guard the customer against unforeseen maintenance or repairs to the customer's telecommunication wires and/or phone jacks.

IWM covers the service call, diagnosis of the problem, and repair of certain types of damage to the telecommunication wires traveling from the NID up to the phone jacks inside the premise. IWM also covers the phone jacks inside the premise.

Some conditions are not covered by IWM. This plan does not cover the following:

- Damages or problems that existed prior to the activation of IWM
- Repairs to any customer premise equipment (phones, phone cords, faxes, modems, etc.)
- Repairs to any telecommunication wire connecting customer premise equipment to a phone jack.
- Damages or problems caused by inappropriate or non -standard telecommunication wiring practices
- Damages or problems caused by negligent or intentional acts by customer, or any third party not authorized by BCM One, Inc.
- Damage or problems caused by using faulty or defective equipment such as faxes, modems, phones, answering machines, surge protectors, etc.
- Damage or problems caused by alterations or additions to the telecommunications wires connecting the NID to phone jacks that are not authorized by BCM One, Inc.
- Repair to any exterior phone jack
- Repair of wiring in boat slips and special waterproof boat cords and jacks
- Removal of hard -wired phones and their replacement with modular phone jacks
- Damage or problems caused by wire taps
- Damages or problems occurring in the horizontal or riser cable found in multi -unit dwellings
- Damages or problems of the telecommunication wires occurring in commercially owned properties or other commercial multi-unit dwellings such as apartments
- IWM is not available with certain services such as W A TS and 800 services

Availability

Service is available in both Verizon West, and Verizon East for Business.
