Mfg. - Manufacturing

Util. - Utility

Com. - Commercial

Connected - Means customer is already physically connected to an alternate gas supply

2* This agreements original term expired in 2008 and was extended for 3 years at that time

3* This agreements original term expired in 2004 and has been extended on an annual basis since that period

4* This facility operates only 8 months out of the year the minimum monthly fee is \$1,875 or \$15,000 annually. Any monthly usage above 1,123mcf is billed at the current SC-6 rate of \$1.83/Mcf

5* Customers Rates are currently \$.30/Mcf on first 1,500Mcf used all remaining volumes used at \$.27/Mcf. Effective 11/1/9 all volumes used at a rate of \$.32/Mcf.

6* Customers Rates decrease from the SC-7 Tariff Rate of \$.70/Mcf to \$.22/Mcf for all volumes used over the contract minimum. This level is based on the historical average monthly usage at the facility.

7* Contract does not establish a minimum pressure - 7 inches of W.C. is minimal pressure required. This customer pays a minimum annual fee of \$120,000 plus an annual minimum surcharge fee of \$100,000
After 10 years the customers rate reverts to the SC-6 rate.
