GENERAL INFORMATION

A. CONCURRENCE:

The Village of Richmondville concurs in and agrees to abide by the rules and regulations as set forth in the generic tariff filed by the New York Municipal Power Agency (NYMPA) in Case No. 97-E-1575

B. TERRITORY TO WHICH SCHEDULE APPLIES:

These rates, rules and regulations are applicable to the Village of Richmondville and that portion of the Town of Richmondville served under franchises granted to the Village of Richmondville.

PSC NO: 1 ELECTRICITY
 COMPANY: VILLAGE OF RICHMONDVILLE

 SUPERSEDING REVISION: 7

Issued in compliance with Commission Order in C. 10-E-0418 effective February 22, 2011

SERVICE CLASSIFICATION NO. 1
 Residential

APPLICABLE TO USE OF SERVICE FOR:

Single-phase residential purpose usage in an individual residence; in an individual flat or individual apartment in a multiple-family dwelling; for residential purposes in a rooming house where not more than four (4) rooms are available for rent; and for single phase farm service when supplied through the farm residence meter; use exclusively in connection with religious purposes, by corporations or associations organized and conducted in good faith for religious purposes, and including the operation by such corporation or association of a school, notwithstanding that secular subjects are taught at such school; for single-phase service exclusively in connection with a community residence as defined in subdivision 28, 28A or 28B or section 1.03 of the Mental Hygiene Law, provided that such residence is operated by a not-for-profit corporation and if supervisory staff is on site on a twenty-four hour per day basis that the residence provides living accommodations for fourteen or fewer residents; and use for any post or hall owned or leased by a not-for-profit organization that is a veterans organization.

CHARACTER OF SERVICE:

Continuous, Alternating Current at approximately 60 Cycle, 120 Volt, two wire or 120/240 volt, three wire single phase, depending upon the characteristics of the load and the circuits from which service is supplied.

MONTHLY RATE:

	<u>Rate</u>
Customer Service Charge	\$ 5.49
Energy Charge, per kWh	\$ 0.0438

MINIMUM CHARGE:

The minimum charge is the customer charge.

PURCHASED POWER ADJUSTMENT:

All kilowatt-hours sold under this service classification shall be subject to Purchased Power Adjustment Charges in accordance with Section VIII of the Village of Richmondville Tariff and consistent with Rule IX of the NYMPA generic tariff.

Residential

TERMS OF PAYMENT:

All bills are due when rendered. Full payment must be received on or before the date shown on the bill to avoid a late payment charge of 1.5% as provided in Rule VIII of the NYMPA generic tariff.

BASE PURCHASED POWER PER KILOWATT-HOUR:

The base purchased power cost per kilowatt-hour is \$0.015966.

FACTOR OF ADJUSTMENT:

The factor of adjustment pursuant to Rule IX.D of the NYMPA generic tariff is 1.0453.

SPECIAL PROVISIONS:

- A. Motors whose individual capacity is in excess of 2 H.P. will not be served under this classification.
- B. When not more than two rooms of a dwelling or apartment are used by the occupant for business purposes, this rate may apply to the entire use; otherwise either the general rate will apply to the entire use or each shall be separately metered and charged at the appropriate rate.
- C. Customers taking service for the operation of welders, X-Ray machines or any other equipment having a highly fluctuating or large instantaneous demand which causes undue voltage disturbance upon the circuit from which service is taken, thereby interfering with the service taken by other customers, shall install or pay for the necessary corrective equipment to avoid such interference with service to others or, failing to do so shall pay an addition to the charge for service \$0.50 per month per KVA for the name-plate rating of such equipment.
- D. Residential customers whose use of service includes complete electric house heating may make payments under a budget payment plan prescribed by the NYMPA generic tariff.

SERVICE CLASSIFICATION NO. 2 (CONT'D)
General Service – Non-demand Metered

PURCHASED POWER ADJUSTMENT:

All kilowatt-hours sold under this service classification shall be subject to Purchased Power Adjustment Charges in accordance with Section VIII of the Village of Richmondville Tariff and consistent with Rule IX of the NYMPA generic tariff.

BASE PURCHASED POWER PER KILOWATT-HOUR:

The base purchase power cost per kilowatt-hour pursuant to Rule IX.B of the NYMPA generic tariff is \$0.015966.

FACTOR OF ADJUSTMENT:

The factor of adjustment pursuant to Rule IX.D of the NYMPA generic tariff is 1.0453.

DETERMINATION OF DEMAND:

A demand meter shall be installed at the Utility's option or whenever the customer's energy consumption exceeds 2,000 KWH per month for two consecutive months. The demand measurement shall be the maximum 15 minutes integrated demand occurring during the billing period. If the customer's demand is in excess of 7 KW for two consecutive months, the customer will be transferred and billed in accordance with Service Classification No. 3.

TERM:

Service may be discontinued by the customer upon two days written notice to the village or by the village in the manner provided by law, or by the rules and regulations in the NYMPA generic tariff.

SPECIAL PROVISIONS:

- A. Customer taking service for the operation of welders, X-Ray machines or any other equipment having a highly fluctuating or large instantaneous demand which causes undue voltage disturbance upon the circuit from which service is taken, thereby interfering with the service taken by other customers, shall install or pay for the necessary corrective equipment to avoid such interference with service to others, or failing to do so, shall pay in addition to the charge for service \$.50 per month per KVA of the name-plate rating of such equipment.

SERVICE CLASSIFICATION NO. 3
General Service - Demand Metered

APPLICABLE TO USE OF SERVICE FOR:

All purpose, where demand is 7 kW or more.

CHARACTER OF SERVICE:

Continuous, alternating current, 120/240 volts, 60 hertz, two or three wire, single phase, 120/208 or 277/480 volts, 60 hertz, four wire, three phase.

MONTHLY RATE:

	<u>Rate</u>
Demand Charge, per kW	\$ 2.38
Energy Charge, per kWh	\$ 0.0503

MINIMUM CHARGE:

The minimum monthly charge is the Demand Charge computed under MONTHLY RATE, the active demand being determined in accordance with the provisions included under DETERMINATION OF DEMAND.

DETERMINATION OF DEMAND:

The Active Demand shall be the maximum fifteen minute integrated kilowatt demand. For billing purposes the demand shall be the greatest of the following:

1. The demand occurring during the month for which the charge is made.
2. Three-quarters the highest demand occurring during any of the proceeding eleven months.
3. During initial term, the demand contracted for.

FACTOR OF ADJUSTMENT:

The factor of adjustment pursuant to Rule IX.D of the NYMPA generic tariff is 1.0453.

SPECIAL PROVISIONS:

Customer shall maintain a power factor at the point of delivery of not less than 90% lagging or leading as measured on a 30 minute basis. If customer is notified that their power factor has fallen below 90%, corrective action must be taken within 30 days. If action is not taken, the necessary corrective equipment will be installed by the Village of Richmondville and the customer will be billed for all costs incurred to correct the power factor to the required level.

SERVICE CLASSIFICATION NO. 4
 Private Outdoor Lighting

APPLICABLE TO USE OF SERVICE FOR:

Outdoor Lighting of areas other than public streets, highways, and roadways, for individuals, private organizations and institutional establishments.

Available only where suitable Village of Richmondville overhead secondary distribution circuits are available.

CHARACTER OF SERVICE:

Unmetered service for limited period, dusk-to-dawn illumination, approximately 4,000 hours per year, approximately 60 cycle AC at appropriate voltages designated by the Village of Richmondville will own, operate and maintain the facilities required and will supply overhead service to lamps and facilities as provided under Rate below, provided, however, that the village of Richmondville will install 400 watt mercury lamps only in locations readily accessible to maintenance vehicles used by the Village of Richmondville.

MONTHLY RATE:

The charge for service during each calendar month shall be the sum of the following:

	Rate
Lamp and fixture Charge, per lamp:	
175 Watt Mercury (Color corrected)	\$ 7.60
400 Watt Mercury (Color corrected)	\$ 13.59
 Pole Rental Charge:	 \$ 1.94

When suitable wood poles are available on Village of Richmondville existing distribution circuits or customers existing service lateral, no additional charge will be made for attachment of lamps served under Service classification No. 4. a maximum of one additional wood pole for each lamp served will be installed, owned and maintained by the Village of Richmondville for a monthly rental of \$1.81 per pole.

SPECIAL PROVISION:

- A. Written application for service upon Form "AS" is required.
- B. Except when taken in conjunction with service under other Service Classification, service here under will not be supplied from a line extension constructed with the provisions of the NYMPA generic tariff relating to line extensions.
- C. Upon the termination of service under a superseding rate schedule or contract, the Village of Richmondville shall have the right to take all facilities placed, installed, erected or used by it pursuant to the supplying of service under other Service Classifications, or may purchase such pole or poles by payment of the Village of Richmondville depreciated book cost.
- D. In the event of changes or revisions of the Schedule, Customer shall take and pay for service in accordance with the provisions of the revised or superseding schedule. Charges to Customer under said revised or superseding schedule shall commence with the first day of the calendar month following the effective date of such schedule.

CHARGES

A. RECONNECTION CHARGE:

When service has been discontinued, either by the Village as provided in Rule XIII of the NYMPA generic tariff or at the request of the consumer and the same consumer applies for reconnection of service at the same premises within four (4) months, there shall be a reconnection charge payable before service will be reestablished, in the amounts as follows:

\$ 50.00 during regular working hours of the Electric Department, Monday through Friday;

\$ 100.00 after the regular working hours of the Electric Department, Monday through Friday; and Saturday, Sunday, and Holidays.

B. INSUFFICIENT FUNDS CHECK CHARGE:

Any checks received in payment for electric service which are returned to the Village for insufficient funds or are otherwise dishonored by the bank, shall bear a nonrecurring charge of \$20.00 for each check that has to be processed by the Village. If two checks have been returned by the bank, the customer who issued the dishonored checks may be required by the Village to render future payments by cash, money order, certified or cashier's check.

Post-dated checks shall be returned to the customer as invalid for the transaction.

Only United States currency shall be accepted for payment of accounts due the Village.

PURCHASED POWER ADJUSTMENT CHARGE APPLICABILITY

All customers receiving service under any of the Village's Electric Department Service Classifications are subject to purchased power adjustment charges ("PPAC").

ADJUSTMENT CHARGE

The PPAC shall be the amount which shall be added to each kilowatt-hour of each rate schedule to reflect and recover all purchased power and transmission costs billed to the Village from all service providers.

CALCULATION OF THE PURCHASED POWER ADJUSTMENT CHARGE

The PPAC shall equal the total cost of all power and transmission costs billed to the Village in each month divided by the total kWh purchases in that month, less the base cost of purchased power measured at system input level adjusted by a loss factor (Factor of Adjustment). The resultant cost per kWh shall be rounded to the nearest \$0.000001 and applied as a charge or credit to all kilowatt-hours billed in the following month.

ANNUAL RECONCILIATION

At the end of each fiscal year the Village will perform a reconciliation to determine whether there was an under- or over-collection of purchased power expense during the preceding year. The calculation is as follows:

Total Purchased Power Cost – (kWh sold x Base Cost of Purchased Power x Factor of Adjustment)

The result will then be compared to the actual PPAC revenues recovered during this period to determine if a PPA Reconciliation Surcharge or Refund is applicable. The resultant Surcharge or Refund will be included as a line item in the following month(s) calculation(s) of PPAC in order to adjust revenues to more accurately reflect actual expenses. The number of months over which the Surcharge or Refund will be included will depend on the size of the Surcharge or Refund. If the Surcharge/Refund is under \$5,000 it will be included in one month. Surcharges/Refunds between \$5,000 and \$10,000 will be split between two months and any Surcharges/Refunds over \$10,000 will be charged/credited in \$5,000/month increments until complete in order to minimize the impact on rate payers.

BASE COST OF POWER

The base cost of power for computation of the PPAC shall be \$0.015966/kilowatt-hour as measured at the system input level. The base cost of power measured at the sales level shall be \$0.016689/kilowatt-hour.

Issued by: K.P. Neary, Mayor, 295 Main St., Richmondville, NY 12149
