## LOCAL EXCHANGE TARIFF

### PREFACE

#### 1. Services Transferred to the Product Guide

Pursuant to the provisions of § 92-g of the New York Public Service Law, Verizon New York Inc. ("Verizon" or "the Company") transferred certain services previously listed in the PSC NY No. 2 Tariff, predecessor Tariff to this Tariff, to the Company's online Product Guide (the "Guide"), along with relevant general regulations relating to those services. From time to time, new products or services may be added to the Guide, existing products or services may be removed, and the terms and conditions of any offering, including price, may change. The Guide is available at [http://www.verizon.com/tariffs/Sections.aspx?docnum=NYVICA0&type=T&sch=Y&se=Y&att=N&typename=IT&tims\\_Status=E&entity=VI](http://www.verizon.com/tariffs/Sections.aspx?docnum=NYVICA0&type=T&sch=Y&se=Y&att=N&typename=IT&tims_Status=E&entity=VI).

Unless otherwise provided by contract between the customer and the Company, by purchasing a service after it is included in the Guide, or by continuing to purchase or utilize a service originally included in the PSC NY No. 2 Tariff after the service is transferred to the Guide, a purchaser agrees to the applicable terms and conditions, including price, set forth in the Guide, as those terms and conditions may change from time to time. Terms and conditions, including price, set forth in this Tariff will no longer apply to products after their transfer to the Guide.

In connection with the transfer of certain services to the Guide, and the renumbering of the remaining sections of this Tariff, Verizon revised all internal cross-references included in this Tariff. We endeavored to do this accurately, but in case of error, for avoidance of doubt, the Company's intention was to convert any cross-references to other provisions of Tariff No. 2 so that they would refer to the corresponding provisions of this Tariff 16.

Any carriers that concurred in the PSC NY No. 2 Tariff, in whole or in part, prior to the initial date on which services were transferred to the Guide will be deemed to have concurred in the corresponding provisions in the Guide, subject to any subsequent withdrawal or modification by such carriers of their concurrences.

#### 2. Customer Premises Equipment – FCC Docket 20828

Effective January 1, 1983, in accordance with the order of the Federal Communications Commission (FCC) in Docket 20828, customer premises equipment, as defined by the FCC, will be provided by the Company for use with new or existing service only so long as such equipment is available from the Company inventory acquired prior to January 1, 1983, except as otherwise permitted by the FCC.

The services in this Tariff are not affected by this FCC decision and will continue to be offered by the Company to its subscribers, subject to such limitations as may be set forth in this Tariff.
