SECTION 9 – GENERAL REGULATIONS

A. APPLICATION OF RATES AND CHARGES

1. Business and Residence Rates

Determination as to whether subscriber service (as distinguished from public telephone service and exclusive of semi-public telephone service) should be classified as business or residence service is based on the character of the use to be made of the service.

Service is classified as business service where the use is primarily or substantially of a business, professional, institutional or otherwise occupational nature, or advertised for business purposes. Where the business use, if any, is merely incidental and where the major use is of a social or domestic nature, service is classified as residence service.

In any case where other than a residence designation is desired except as qualified in "a." below, the use is presumed to be of an occupational nature. Except for the residential Work @ Home Program which makes all Yellow Leaf No.s products available to any residential participant in the Program. The Work @ Home Program provides the following features:

- No White Leaf No.s listing of business name
- No free semi-bold listing in the Yellow Leaf No.s
- Business name not listed in directory assistance
- A credit application is required on every Work @ Home account

Where the Company reasonably believes that residence rates are being charged for service for which business rate properly apply, the Company shall so notify the customer, who must make arrangements for conversion of the service to business rates, or demonstrate that residence rates are properly applicable. In disputed cases, the customer must make reasonable accommodation for the company to observe the use of service at the location.
