The Connection Charge is a nonrecurring charge which applies to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with each service to which they apply.

##### 3.1.2 Exceptions to the Charge

- a) No charge applies for a change to a service for which a lower monthly rate applies, made within 90 days after any general rate increase, if a lower grade of service is offered in the customer's exchange.
- b) No charge applies for one change in the class of residence service, provided that the change is ordered within 90 days of the initial connection of the customer's exchange service.
- c) The Company may from time to time waive or reduce the charge as part of a promotion. See Section 5.2.

#### 3.2 RESTORAL CHARGE

**Move:** The Disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.
