
Limited Service Offerings

2. General Regulations
2.1 Application of Tariff

2.1.1 Scope	
A.	This tariff lists LSOs which the Telephone Company is providing and the regulations under which they are furnished.
1.	LSOs are furnished at the discretion of the Telephone Company. Consideration is given to the service's effect on other Telephone Company services, compatibility of the requested item with other Telephone Company facilities and with the Telephone Company's engineering, accounting and maintenance practices, and the availability of parts and other support facilities.
B.	This tariff also explains when and how equipment ceases to be special assembly, and becomes a limited service offering or a general tariff offering.
C.	Items are filed in this tariff in either of the following situations.
1.	When up to 25 customers are furnished items of exactly the same or substantially the same kind.
2.	When a one-customer-only item has a capital cost to the Telephone Company of over fifty thousand dollars.
a.	Other one-customer-only items provided as special assemblies are generally not listed, unless the Telephone Company expects to receive a second request.
D.	LSOs contained herein are filed in accordance with the order of the PSC and effective May 8, 1992 in Case No. 91-M-0927.

2.1.2 Customer Premises Equipment (CPE)	
A.	Effective January 1, 1983, in accordance with the order of the FCC in Docket 20828, CPE, as defined by the FCC, will be provided by the Telephone Company for use with new or existing service only so long as such equipment is available from Telephone Company inventory acquired prior to January 1, 1983, except as otherwise permitted by the FCC. The Telephone Company will continue to provide maintenance for the Telephone Company-provided CPE subject to the availability of replacement parts and/or equipment. The use and provision of CPE remains subject to the regulations of filed tariffs.
1.	The services and items of equipment in this tariff are affected by this FCC decision and will continue to be offered by the Telephone Company to its subscribers only so long as available from inventory.
B.	In compliance with the decree of the Modification of Final Judgment, the Telephone Company will not offer embedded CPE after January 1, 1984 except for CPE provided to 911 universal emergency telephone number service, coin telephone and handicapped services.

2.1.3 Services Transferred to the Product Guide	
A.	Pursuant to the provisions of § 92-g of the New York Public Service Law, Verizon New York Inc. ("Verizon" or "the Company") will be transferring certain services listed in this Tariff and in other Verizon Tariffs to the Company's online Product Guide (the "Guide"), along with relevant general regulations relating to those services. The fact that a particular service has not been transferred from a Verizon tariff to the Guide does not necessarily mean that it is not eligible for such a transfer or that it will not be transferred at some point in the future. From time to time, new products or services may be added to the Guide, existing products or services may be removed, and the terms and conditions of any offering, including price, may change. When it becomes effective, the Guide will be available at http://www.verizon.com/tariffs/Sections.aspx?docnum=NYVICA0&type=T&sch=Y&se=Y&att=N&typename=IT&tims_Status=E&entity=VI .
B.	Unless otherwise provided by contract between the customer and the Company, by purchasing a service after it is included in the Guide, or by continuing to purchase or utilize a service originally included in this Tariff or in any other Verizon Tariff, after the service is transferred to the Guide, a purchaser agrees to the applicable terms and conditions, including price, set forth in the Guide, as those terms and conditions may change from time to time. Terms and conditions, including price, set forth in Verizon's Tariffs will no longer apply to products after their transfer to the Guide.
C.	Any carriers that concurred in this Tariff, in whole or in part, prior to the initial date on which services were transferred to the Guide will be deemed to have concurred in the corresponding provisions in the Guide, subject to any subsequent withdrawal or modification by such carriers of their concurrences.

2. General Regulations
2.2 Responsibility of the Telephone Company

2.2.1 Obligation to Furnish an Item	
A.	The Telephone Company is under no obligation to furnish an item not in a standard tariff.
B.	The Telephone Company is under no obligation to furnish an additional item of the same or similar type to one listed in this tariff.
C.	The Telephone Company may choose, subject to PSC acceptance, to file any item in its standard tariffs, even if fewer than 26 customers require or are likely to require the item.
