**GENERAL INFORMATION**

**A. CONCURRENCE**

The Village of Springville concurs in and agrees to abide by the rules and regulations as set forth in the general tariff filed by the New York Municipal Power Agency ("NYMPA") in Case No. 97-E-1575.

**B. TERRITORY TO WHICH SCHEDULE APPLIES**

These rates, rules and regulations are applicable to the Village of Springville and that portion of the Town of Concord served under franchises granted to the Village of Springville.

**SERVICE CLASSIFICATION NO. 1**

Residential

**APPLICATION TO USE OF SERVICE FOR:**

Single-phase residential purpose usage in an individual residence; in an individual flat or individual apartment in a multiple-family dwelling; for residential purposes in a rooming house where not more than four (4) rooms are available for rent; and for single phase farm service when supplied through the farm residence meter; used exclusively in connection with religious purposes, and including the operation by such corporation or association of a school, not withstanding that secular subjects are taught at such school; for single-phase service exclusively in connection with a community residence as defined in subdivision 28, 28A or 28B of section 1.03 of the Mental Hygiene Law, provided that such residence is operated by a not-for-profit corporation and if supervisory staff is on site on a twenty-four hour per day basis that the residence provides living accommodations for fourteen or fewer residents; and use for any post or hall owned or leased by a not-for-profit organization that is a veterans organization.

**CHARACTER OF SERVICE:**

Continuous, alternating current at approximately 60 cycle, 120 volt, two wire or 120/240 volt, three wire single phase depending upon the characteristics of the load and the circuits from which service is supplied.

**MONTHLY RATE:**

**SPECIAL PROVISIONS:**

- A. The Village Board of Springville through its Electric Division of the Dept. of Public Works will furnish, install, own, operate and maintain a photoelectrically controlled mercury vapor luminaire or flood as specified in above "RATE".
- B. The lighting unit will be installed only on private property owned or leased by the customer. The customer will furnish the necessary pole or other support, where required, and the necessary wiring to connect the unit on the line side of the customer's meter. The Board reserves the right to require a location and mounting height which will provide proper light distribution from utilities is appropriately located, the Board may waive the requirement that the support for the bracket mounted luminaire be furnished by the customer, and may install the unit on the Utility owned pole.
- C. Upon request of the customer, the Village Board will change the location of the lighting unit, providing a proper support is furnished and the customer agrees to pay the Board for the cost incurred in making such change.
- D. Lighting service will be provided every night and all night during the hours between 30 minutes after sunset and 30 minutes before sunrise, aggregating about 4000 hours per year, unless prevented by accidents or other causes beyond the control of the Village Board.
- E. The customer shall notify the Electric Division whenever the lamp shall become extinguished or out of service for any reason and the Electric Division shall replace the lamp and/or make the necessary repairs with reasonable promptness.

## **CHARGES**

### **A. RECONNECTION CHARGE:**

When service has been discontinued, either by the municipality as per provided in the NYMPA generic tariff or at the request of the consumer and the same consumer applies for reconnection of service at the same premises within four (4) months, there shall be a reconnection charge payable before service will be reestablished, in the amounts as follows:

\$50.00 during the regular working hours of the Electric Division, Monday through Friday; 7:00am – 3:30pm.

### **B. INSUFFICIENT FUNDS CHECK CHARGE:**

Any checks received in payment for electric service which are returned to the municipality for insufficient funds or are otherwise dishonored by the bank, shall bear a nonrecurring charge of \$20.00 for each check that has to be processed by the municipality. If two checks have been returned by the bank, the customer who issued the dishonored checks may be required by the municipality to render future payments by cash, money order, certified or cashiers check.

Post-dated checks shall be returned to the customer as invalid for the transaction. Only United States currency shall be accepted for payment of accounts due the municipality.

## **PURCHASED POWER ADJUSTMENT CLAUSE**

### **APPLICABILITY**

All customers receiving service under any of the Village's electric department service classifications are subject to Purchased Power Adjustment Charges ("PPAC").

### **ADJUSTMENT CLAUSE**

The PPAC shall be the amount which shall be added to each kilowatt-hour of each rate schedule to reflect and recover all purchased power and transmission costs billed to the Village from all service providers.

### **CALCULATION OF THE PURCHASED POWER ADJUSTMENT CHARGE**

The PPAC shall equal the total cost of all power and transmission costs billed to the Village in each month divided by the total kWh purchases in that month, less the base cost of purchased power measured at system input level adjusted by a loss factor (Factor of Adjustment). The resultant cost per kWh shall be rounded to the nearest \$0.000001 and applied as a charge or credit to all kilowatt-hours billed in the following month.

### **ANNUAL RECONCILIATION**

At the end of each fiscal year the Village will perform a reconciliation to determine whether there was an under- or over-collection of purchased power expense during the preceding year. The calculation is as follows:

Total Purchased Power Cost – (kWh sold x Base Cost of Purchased Power x Factor of Adjustment).

The result will then be compared to the actual PPAC revenues recovered during this period to determine if a PPA Reconciliation Surcharge or Refund is applicable. The resultant Surcharge or Refund will be included as a line item in the following month(s) calculation(s) of PPAC in order to adjust revenues to more accurately reflect actual expenses. The number of months over which the Surcharge or Refund will be included will depend on the size of the Surcharge or Refund. If the Surcharge/Refund is under \$5,000 it will be included in one month. Surcharges/Refunds between \$5,000 and \$10,000 will be split between two months and any Surcharges/Refunds over \$10,000 will be charged/credited in \$5,000/month increments until complete in order to minimize the impact on rate payers.

### **BASE COST OF POWER**

The base cost of power for computation of the PPAC shall be \$0.016985 kilowatt-hour as measured at the system input level. The base cost of power measured at the sales level shall be \$0.018371/kilowatt-hour.
