## SECTION 4 - INTRALATA TOLL USAGE

### 4.1 General

#### 4.1.1 Description

IntraLATA toll service is furnished for communication between telephones in different local calling areas within a particular LATA in accordance with the regulations and schedules of charges specified in this tariff. The toll service charges specified in this section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff. The Company may use the terms "intraLATA toll service" and "Regional Long Distance" ("Regional LD") interchangeably in other documentation presented to the Customer (e.g. individually negotiated contracts or invoices). The terms of this Tariff governing intraLATA toll service applies regardless of the term used. C

IntraLATA toll calling includes the following types of calls: direct dialed, collect, special toll billing, requests to notify of time and charges, person to person calling and other station to station calls.

#### 4.1.2 Classes of Calls

Service is offered as two classes: station to station calling and person to person calling.

- A. Station to Station Service is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.
- B. Person to Person Service is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person to person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.

## SECTION 4 - INTRALATA TOLL USAGE (cont'd)

### 4.2 Timing of Calls (con'td)

- 4.2.1 All intraLATA/regional long distance calls are billed in six second increments with a thirty second minimum. **C**
- 4.2.2 For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.
- 4.2.3 For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.
- 4.2.4 Call timing ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.

### 4.3 Call Charges

Rates are based on the duration of the call as measured according to Section 4.2 above. In addition, where live or automated operator assistance is required for call completion or billing, a per call service applies.

Charges for all classes of calls may be to the calling station or to the called station when the called party agrees to accept the charges.

### 4.4 Usage Charges

The following charges apply to Intra LATA/Regional Calls:

Dedicated

Minimum	Maximum
\$0.015/minute	\$0.089/minute

SECTION 4 - INTRALATA TOLL USAGE (cont'd)

4.4 Usage Charges (cont'd)

Switched

Minimum	Maximum
\$0.059/minute	\$0.069/minute

4.5 Per Call Service Charges

The following service charges apply to intraLATA toll calls for which live or automated operator assistance is provided for call completion and/or billing.

	<u>Minimum</u>	<u>Maximum</u>
Station to Station		
Person to Person	\$1.50	\$5.00
All Other	\$0.50	\$3.00

4.6 Payphone Surcharge

Company will assess Customer a payphone surcharge on a per call basis for each attempt to call a toll-free number, whether the call is completed or not. Customer acknowledges that Customer shall be responsible for payment of any payphone compensation pursuant to Section 276 of the Telecommunications Act of 1996, 47 U.S.C. §276, and shall indemnify Company from any costs or expenses related to such payphone compensation. In addition, Customer shall also be responsible for charges if the toll-free number dialed was done so in error.

Payphone Surcharge, dependent on state and cost of surcharge:

Minimum	Maximum
\$0.65	\$0.75
