SERVICE OFFERING DESCRIPTORS

1. Residential Flat Rate Service

Description

Residential Flat Rate Service provides residential customers with exchange services in those areas in which the company has deployed its own network facilities. Residential Flat Rate Service provides for a single exchange line with an option for additional Flat Rate Service lines. Provision of Flat Rate Residential services requires an Integrated Access Device (IAD) provided by the Company for an additional monthly fee. Additional rates and charges found elsewhere in this Tariff also apply to services purchased.

Lines include touch-tone calling capability.

2. Business Flat Rate Service

Description

Business Flat Rate Service provides Business customers with exchange services in those areas in which the company has deployed its own network facilities. Business Flat Rate Service provides for a single exchange line with an option for additional Flat Rate Service lines. Provision of Flat Rate Business services requires an Integrated Access Device (IAD) provided by the Company for an additional monthly fee. Additional rates and charges found elsewhere in this Tariff also apply to services purchased.

Lines include touch-tone calling capability.
