

PSC NO 3  
Focal Communications Corporation of New York  
Initial Effective Date 06/05/03

Section: 15 Leaf: 1  
Revision 0  
Superseding Revision 0

### SECTION 15: INTRA-NETWORK CALLING

#### 15.1 FocaLINC™ (IntraLATA)

##### 15.1.1 Description

FocaLINC™ allows Focal outbound customers to realize savings when they place calls to other Focal customers' inbound Focal T1 lines. The same rate applies to all calls within local and local toll (intraLATA) calling areas, as defined in Section 4.2 of this tariff.

##### 15.1.2 Regulations

- Both the originating and terminating parties must have Focal T1/PRI lines in place at the originating and terminating premises. Customers with multiple local providers must program their PBX(s) to route calls over the proper Focal T1 trunkgroups.
- Customers must be in the same LATA. In addition, the customer must have their intraLATA toll traffic PIC-ed to Focal, otherwise only local calls will qualify for FocaLINC™ calls.
- For customers who select this service, FocaLINC™ rates will prevail for all call types.

##### 15.1.3 Rates

The rates set forth in this section apply to all direct-dialed FocaLINC™ calls. For operator-assisted FocaLINC™ calls, the operator charges in Section 12.1.3 apply in addition to the charges listed below.

#### FocaLINC Long Distance

	<u>1YR</u>	<u>2YR</u>
	<u>RATE PER MINUTE</u>	
Off-Market Interstate	\$0.0500	\$0.0475
